

Triangle Management Services joins the FastShip team

Philadelphia, PA – August 2, 2006 -- Triangle Management Services, headquartered in the UK, has been working with FastShip, Inc. for several months to assist FastShip in its approach to the marketplace for its planned time-definite express freight service. Triangle provides independent specialist services to the mail, express freight and logistics industries and has established a pre-eminent position as one of the most experienced and knowledgeable management services organizations in its field.

Triangle Chairman Paul Jackson said “We have researched the “middle market” that FastShip proposes to address and are struck by the breadth and depth of interest in this truly revolutionary service. We are pleased to join forces with FastShip to help bring this important innovation to market.”

FastShip President & CEO, Roland K. Bullard II, said “We are delighted to have Paul Jackson and his team at Triangle working with us. They are widely known in the industry and bring in-depth hands-on experience in the markets we seek to address. We look forward to a successful collaboration.”
